A soul so warm
A heart so true
A laugh so loud
That carried through
Loyal and caring
Dependable too
A ball of energy
In all that you'd do

Always up for
A beer with mates
Always asking
For one more plate
Bikes and cars
And F1 too
A love for life
In all that you'd do

When someone needed
A helping hand
You'd always come
You'd always stand
With a silly joke
And belly laugh
You made the world
A better place

A beautiful son
A brother so dear
A mate to many
We hold you near
Your spirit lives
In all of us
Keep the beers cold
Until we meet again

Your laugh will echo
through our memories forever
